It takes Orion a few days to get you added; you must be added to get access to post and view the entire forum.

Pizza Port is going to donate 20% of the total bill to the US Soaring Team-Luesse venue. To get the donation, you'll need to turn in this paper when ordering your meal.

If you are unable to attend this paper is valid all day on April 6th.

I found an ASH-25e to fly in Luesse, Germany, and we are currently finishing the smaller details, like finding a car. But, the really important detail has been figured out.

If you'll be able to make it, please give me a call so I know how many tables to reserve. If anyone has any questions please email, call or post it on the forum.
